Dear Ms. MacPherson:

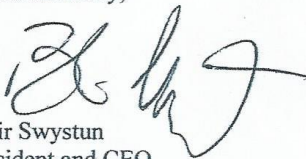

**Re: Drainage Approvals**

Thank you for your recent letter regarding wetland drainage and drainage approvals.

Safety is a priority for the Crowns and specific regulations are followed when any digging is required near infrastructure including power and gas lines.

I have asked that the issue you raised be shared with the Crowns for their consideration. CIC also oversees a committee made up of members from all the Crowns with a mandate to work collaboratively and gain efficiencies to benefit the people of Saskatchewan. I have asked that your concerns be raised with the this committee.

Yours sincerely,
